Subject: Trump OTD / Grand Deeds

Hello So and Ron,

The two lot line adjustments / Certificate of Compliances that were recorded in 2006 were processed correctly as it relates to ownership and metes and bounds. This process was completed with no error. Additional documents (Grand Deeds) should have been provided back then for property tax purposes which they weren't.

The parcels (Lot B, C, 24 and 38) that were subject to the LLA / Certificate of Compliance in 2006 were all owned by the applicant. Since Lot B and C were dedicated to the City and no longer owned by the applicant, and in order to complete the Lot Line adjustment, the City would have to sign the Grand Deeds of the Parcels that were transferred from Lots B and Lot C to Lot 24 and Lot 38.

Please not that the County Assessors have pre checked and cleared the Grand Deeds for recordation.

Thank you

Hi So,

I just wanted to check back in with you on the status of review of the Deeds.

Thanks,
Danny

Hi So,

During Coastal's review of the Amendment to the OTD they requested more detail about the boundaries of the property and certain past transfers and lot line adjustments. As a result, the Developer and Coastal Commission realized that certain lot line adjustments that occurred in 2006 contained certain errors and needed to be re-done. However, since the City now owns some of the property formerly owned by the Developer, the City will now have to be the one to transfer the portions of the property that were incorrectly adjusted pursuant to the lot line adjustments. Attached are the Deeds that Selim and Trump's attorney have prepared to account for this, which have been reviewed and approved by the County Assessor's office.

I have reviewed them and all appears to be in order, but I think we should have your City Engineer review these and discuss with Selim / the Title Company to confirm that the property being transferred is accurate.

Let me know if you would like to discuss.

Best,
Danny

Hi So and Ara,

As an update on this, the Coastal Commission has signed off on the proposed form of Amendment to the Offer to Dedicate, which will be executed by the City, Developer, and the Commission. See attached for reference.

However, they are still reviewing the new legal descriptions and graphic depictions which are attachments to the Amendment. Hopefully, we'll be able to finalize this by next week in order to put it on the Council Agenda.

Best,
Danny

It's still being worked out with the Coastal Comm and Danny indicated that it will not be ready for another week. Since we're putting this on the consent calendar, I will wait until I get the final draft document from Danny before I schedule it.
